# PYSELLERS SERVICES

EMPOWERING INNOVATION THROUGH AI & TECHNOLOGY

## OUR TECHNOLOGY STACK & CLIENTS & AI PROJECTS

**Probiz Automation**  
SMART BUILDING SOLUTIONS

Project	Description	Technologies / AI Focus
Agentic AI Chatbot (Offline Intelligent AI Assistant)	An on-prem, Mistral-7B LLM-based assistant that answers engineering & business queries without internet connectivity.	Python · Transformers · Vector Search · Ollama · CTransformers
PySellers CRM-HRMS Suite	Modular Go-based CRM + HRMS with future AI integrations for predictive performance, resume classification & analytics.	GoLang · REST API · PostgreSQL · AI Analytics Engine
AI-Based Material Flow & Inventory Management	AI automates RMC-plant material tracking, forecasting & anomaly detection for construction sites.	Flutter · React.js · Flask · Prophet · GCP Cloud Run
Distributor Management System	AI-enhanced ERP solution with Salesforce integration for managing distributors, orders, and logistics in real-time.	React.js/Node.js · AWS · PostgreSQL · AI Analytics · Salesforce API
ProSmart Energy Saver	AI-based smart grid energy consumption monitoring and predictive savings analytics for enterprises.	Ollama · PostgreSQL · TensorFlow · Science Transformers · AI/ML Ops
AI-Driven Automated Testing Platform	Self-learning suite for defect prediction & auto-test generation using machine learning and automation.	TensorFlow · Flask · Python · ML Ops
SmartFit Tailor	AI-powered body-measurement extraction system for precision garment stitching.	OpenCV · TensorFlow · Flask
FaceTrack Attendance	Facial recognition-based employee attendance & access management system.	CNN · OpenCV · Flask
IntelliCrawler	AI web data extraction & semantic content analysis using NLP and RAG frameworks.	Python · NLP · RAG · Vector Search
SmartRent Predictor	Machine learning model predicting real-estate rental prices using regression and data analytics.	Scikit-Learn · Regression Analysis · Python

## CORPORATE SUPPORT

We provide end-to-end AI, Data, and Cloud support for enterprises – including Databricks & PySpark optimization, RAG-based AI integration, and full-stack DevOps automation. Our corporate partnerships ensure reliable, scalable, and intelligent digital solutions that drive performance and innovation.

## CORPORATE TRAINING

Empowering teams through hands-on AI & Cloud training in areas like Machine Learning, NLP, DevOps, and Big Data. Our customized programs help professionals master emerging technologies and accelerate enterprise transformation.

## **OUR ACHEIVEMENTS**

Strategic AI development partner for ProbizConnect and Caasagrand Builders Pvt. Ltd.

Corporate AI support for US-based analytics clients

Trusted training partner for academic and enterprise AI upskilling.

## **INDUSTRIES WE SERVER**

Automotive | Construction | Finance | Retail | Education | Energy & Utilities

## **WHY CUSTOMER CHOOSE PYSELLERS?**

Experienced leadership team with a proven track record of delivering IT projects. Specialized in Research and develop AI based products and Support.

Trained employees dedicated to develop and deliver quality products.

Expertise in the latest technologies, including AI, ML, Data Engineering and cloud computing.

Commitment to quality and timely delivery. Focus on customer satisfaction.

Collaborative approach with clients to ensure mutual success.

Focus on innovation and scalability for long-term growth.
